

# A brighter tomorrow starts with growing the game today.

More than 2,000 golf courses across Canada, U.S. and Australia are part of the Youth on Course network, offering rounds of golf for \$5 or less. All current junior members of Golf Canada will automatically receive a Youth on Course membership via email.

Grow the game and your future customer base - nearly half of Youth on Course members' rounds are played with a paying adult, generating further business for your course (including increasing your food, beverage, and merchandise sales).

The program is simple to implement and has immeasurable impact. Join today to help change the lives of young people.

## HOW IT WORKS

- 1. AVAILABILITY:** You decide when Youth on Course members can play at a reduced rate. Members always pay for \$5 or less, and Golf Canada subsidizes each round played.
- 2. LOGISTICS:** Your staff checks in Youth on Course members via our online system to track rounds and subsidies.
- 3. PAYMENT:** You'll receive monthly reimbursement payments from Golf Canada for each round played. The average subsidy for courses is currently \$10 per 18-hole round.
