

Introduction to Competition Tour

Golf Québec has implemented a competition structure that offers junior golfers of all ages and skills levels the opportunity to access appropriate and tailored competition tours. Within its competition structure, Golf Québec organizes events through the following three competition tours:

1. Introduction to Competition Tour (IT)
2. Regional Junior Tour (RJT)
3. Junior Provincial Tour (JPT)

The IT offers very young golfers the opportunity to discover all aspects of competitions. The ultimate goal is to learn what competition is all about and not to play in a competitive environment where the focus is on performance. The age of the participants should be kept in mind. A golfer's career develops over a long period of time. The performance aspect will be introduced later.

If you wish to participate in an event of the IT, please click [HERE](#) to consult the different websites of the regional associations. Keep in mind that some regions do not offer this tour.

Categories and yardages

- The tour must include a minimum of 4 events per region during the season.
- The events are played on a 9-hole course with yardage that is adapted according to the playing category.
- Target players: For golfers aged 7 to 12 with little or no competitive experience.

	PAR	GIRLS	BOYS
NOVICE	3	60 to 80 yards	60 to 80 yards
	4	125 to 150 yards	125 to 150 yards
