

Bantam, Pee-Wee and Mosquito Championship

Drummondville Golf Club, July 31 to August 1, 2023

REGISTRATION

Any player who would like to take part in this tournament must register online, on the Golf Québec website, even if they are exempted players.

EXEMPTIONS AND SELECTION CRITERIA

For both boys and girls in the bantam and pee-wee divisions, **each player will have to play one (1) or the two (2) RJT events** identified in their home region to be awarded a differential*** and qualify for the Championship.

A player will not be obliged to participate in both qualifications. If a player plays both qualifications, we will take the best differential of one of the two rounds played. If a golfer plays only one of the two qualifications, we will take the differential of his round played.

For the mosquito division, players will need a valid handicap index to be accepted in the tournament or to have participated in an event of the Introduction Tour, regardless of the region in which they do so (some regions will not present an event of the Introduction Tour).

The two CRJ events identified as qualifiers must be played before **July 17, 2023**.

- If more players register than the identified number below, they will be selected based on the best differentials* (average of all rounds played).
- Boys only: Each region will have exemptions for their 2 best bantam players and their best pee-wee player.
- Girls only: Each region will have an exemption for their best bantam Player.

*** The differential is a calculation between the gross score and the course rating where the round was played. (Ex: if a player records a score of 80 on a course that has a 69.3 rating and a Slope rating of 117, this will give him/her a differential of 10.3).

SELECTION PROCESS

	GIRLS			BOYS			Total
	Bantam	Pee-wee	Mosquito	Bantam	Pee-wee	Mosquito	
# of players	18	9	3	51	27	12	120
