

ANTI-DOPING POLICY

This is a translation of the original French document. In case of divergence of interpretation, the French text shall prevail over the English text.

Participants at Golf Canada championships must be aware that doping control tests may be conducted by the Canadian Centre for Ethics in Sport (CCES) on a random basis in accordance with the Canadian Anti-Doping Program. To avoid an inadvertent positive test and the consequences of an anti-doping rule violation, athletes are encouraged to take the following steps:

- Check the Global DRO (www.globaldro.com) to determine if any prescription or over-the-counter medications or treatments that are banned by the WADA Prohibited List.
- Review medical exemption requirements (www.cces.ca/medical) if you require the use of a banned medication for a legitimate medical reason.
- Do not use supplements, or take precautions prior to doing so. Supplement products cannot be verified by the CCES or in the Global DRO. A lack of industry and government regulation makes it impossible to confirm their ingredients. Read more: www.cces.ca/supplements.
- Review the steps of the doping control sample collection procedures: <http://cces.ca/samplecollection-procedures>.

For additional resources and general information about anti-doping, please contact the CCES:

- Email: info@cces.ca
- Call toll-free: 1 800 672-7775
- Website: www.cces.ca/athletezone

For a complete listing of sanctions, periods of ineligibility and other potential consequences of anti-doping rules violations go to: <http://cces.ca/anti-doping-sanctions>.
